About: Aaron J. Altose, Ed.D., has taught mathematics at Tri-C since 2006.

For over a decade, his primary focus has been quantitative reasoning.

Altose has maintained an active role as a contributor to curriculum,

assessment and faculty support programs, a faculty mentor, a member

of the Carnegie National Faculty advisory panel and a leader in the

development of the quantitative reasoning pathway at Tri-C. He has also

collaborated with the Ohio Department of Education and Department of

Higher Education in various ways, including as a member of the advisory

committees for Ohio's Learning Standards Revision and the Ohio Math

Initiative, as a quantitative reasoning (QR) content expert for the creation

of Ohio's college-level QR learning outcomes and as a facilitator of faculty

training and professional development workshops. Altose has served

as president of the Ohio Mathematics Association of Two-Year Colleges

(2015-2017), and in 2018, he received the Ralph M. Besse Award for

Teaching Excellence at Tri-C.

ACUE Certificate in Effective Collge Instruction, Online Instruction

About: Staci Osborn has taught at Tri-C since Fall 2007 at the Eastern Campus. She predominantly teaches developmental mathematics courses because those are her passion. She strives to help everyone succeed in their beginning math courses so they can pursue their college

and career goals and knows that math is often the very scary first step. Fostering a comfortable learning environment where everyone is allowed to ask questions and work together to get the help they need is what she works towards each semester. Students may not walk out of her class loving math, but she hopes they will appreciate its value in their life.

ACUE Certificate in Effective College Instruction, Online Instruction
ACUE Micro-credential in Inclusive Teaching for Equitable Learning
Endorsement in Inclusive Teaching Excellence - OACC, Drake Institute for Teaching & Learning

About: Professor Renfro has been teaching in some form for over thirty years and joined the faculty of Tri-C's Metropolitan Campus in 2019. Her primary focus is in teaching students who are may not love mathematics, blending a unique ability to both empower students in their abilities and challenge them in their thinking. Her research interests include dyscalculia and teaching & learning strategies which aid students with specific learning disabilities. She has served as a Fellow for the American Mathematics Association and has presented conference sessions on increasing student engagement in online classes. She currently serves the college as a Faculty Ambassador to the Division of Online Learning and Academic Technology and as a club advisor for Metro's InterVarsity Christian Fellowship student club. In 2023, Renfro was honored to receive the Ralph M. Besse Award for Teaching Excellence at Tri-C.

Rokicky, Paul

Assistant Professor

paul.rokicky@tri-c.edu

(216) 987-5048

Department: Mathematics

Office Location: Western Campus, B104

Education: B.A., History, Minor in Mathematics and Education, Cleveland State University
M.S., Mathematics, Cleveland State University

About: Professor Rokicky has been teaching at Cuyahoga Community College since 1999. Prior to that, he taught nine years of high school in Lorain and at Polaris Career Center. He quite often teaches Calculus and Differential Equations but has been focusing on the algebra courses in recent years. His other main courses are the Math for Elementary and Middle School Teachers. He currently serves as Math Coordinator for the Western Campus and Brunswick University Center. He has served as the Associate Dean of Mathematics in the past.

Professor Rokicky currently uses his degrees to research the mathematics and astronomy of Native Americans. He often travels to wonderful places to research such as New Mexico, Arizona, Utah, and even places in Ohio. He used to study the Ancient Maya of Mexico and was able to take trips to Mexico to research.

Professor Rokicky spends his free time biking, hiking, skiing, rock climbing, and travelling to National Parks.

Rossmann, Cathleen

Associate Professor

cathleen.rossman@tri-c.edu

Office Location: Metropolitan Campus, 201A

Education: Ph.D. in Education (Mathematics Education Concentration) Rutgers, The State University of New Jersey
M.S., University of Delaware
B.A., Iona College, New Rochelle, NY
A.A., Ulster County Community College

About: Cathleen Rossmann began teaching mathematics at Tri-C in 2011, shortly after moving to the Cleveland area. She decided she wanted to teach at a community college after graduating from her local community college in the Hudson Valley in New York. Dr. Rossmann has connected with students in scholarship programs as well as at our now-annual Math Fest! As faculty coordinator, Dr. Rossmann often answers many questions about the math courses we offer at Tri-C. She appreciates math for both its useful applications as well as general skills like problem solving and critical thinking. She looks forward to helping students reach their academic and career goals at Tri-C.
