ASSOCIATE OF ARTS WITH A CONCENTRATION IN ENGLISH

If you are planning to start at Tri-C and transfer to a four-year institution to pursue a Bachelor of Arts in English, we recommend you pursue the Associate of Arts degree with a concentration in English. The Associate of Arts degree with a concentration in English will provide you with strong writing, analytical proficiency, and critical thinking skills, which will prepare you to succeed upon transferring to a four-year institution. A four-year degree in English can prepare you for a variety of careers in a number of industries, including publishing, teaching, insurance, journalism, marketing and sales, management, non-profit, and government service. An English degree also serves as a strong foundation if you plan to pursue a law degree. Cuyahoga Community College's Associate of Arts degree with a concentration in English is based on the Ohio Guaranteed Transfer Pathway in English, "an agreement between [Ohio] "public community colleges and universities confirming that community college courses meet major preparation requirements and will be counted and applied toward the bachelor's degree."

This program is available to be completed 100% online.

ENG-2510 African-American Literature I is not a prerequisite for ENG-2520 African-American Literature II, so you can choose to take either course (or both) to meet the Intro to Literature TAG. These courses are also dual-approved for arts and humanities, and diversity, equity, and inclusion under Ohio Transfer 36 requirements.

Foreign Language Requirement

The majority of schools require at least 6-8 credits of foreign language at the College level to complete a Bachelor of Arts in English; however, the Foreign Language requirement varies from institution to institution and may depend on how many foreign language courses you took at the high school level. For this reason, you should check with your intended transfer institution to determine how many foreign language credits are required for your intended transfer program and plan accordingly. To fulfill foreign language requirements, you should select from the below Transfer Assurance Guide approved foreign language courses. If your intended program of study doesn't require foreign language or you have fulfilled the requirement based on coursework taken in high school, you may select other appropriate Ohio Transfer Module or Transfer Assurance Guide approved courses as electives, in place of the foreign language requirement. See recommendations below for elective course selection.

MATH-1140, MATH-1141, MATH-1200, MATH-1270, and MATH-1280 can no longer count towards fulfilling the college-level mathematics requirement. These courses were re-classified as developmental mathematics by the state of Ohio in 2016. Tri-C established a 5-year transitioning window for students who had completed these courses prior to 2016 to apply them towards meeting graduation requirements, which expired in Summer 2021. It is highly recommended to see a counselor to determine the appropriate math required for your current major.
