CERTIFIED NETWORK PROFESSIONAL SECURITY (CCNP SECURITY)

Program description

This program prepares students to become Cisco-certified network professionals. Learn how to secure and manage network infrastructures to protect productivity, mitigate threats and reduce costs. Network security engineers are responsible for maintaining security in routers, switches, networking devices and appliances, as well as choosing, deploying, supporting and troubleshooting firewalls, VPNs and IDS/IPS solutions for their networking environments.

Program cost

$5,980

Financial aid eligibility

This program is **not** Federal Financial Aid/Pell-Eligible.

Scholarships, payment plans, and other financial aid options may be available. For more information, call 216-987-6000, option 1.
