IATF 16949:2016 UNDERSTANDING AND INTERNAL QUALITY AUDITING

Program description

Internal auditors in the automotive industry provide the objective feedback required for maintaining and continuously improving an effective IATF 16949 quality management system. Recommended for new or current auditors responsible for internal quality audits, this course provides an in-depth review of ISO 9001:2015 and IATF 16949:2016.

Other important information

A written exam that covers IATF 16949 content and the application of audit principles and practices based on IATF 16949 will be administered during class.

Program cost

Visit the Corporate College website for pricing.
