

# INFORMATION TECHNOLOGY-BUSINESS SOLUTIONS, POST-DEGREE PROFESSIONAL CERTIFICATE

Nearly all organizations rely on computer and information technology (IT) to conduct business and operate efficiently. Business Solutions Developers (also called Computer Systems Analysts and Systems Analysts) use IT tools to help organizations of all sizes achieve their goals. They may design and develop new business systems or enhance existing business systems by implementing new technological solutions.

First Semester		
IT-2310	Web Programming	3
IT-2351	Enterprise Database Systems	4
Select one of the following:		4
IT-2680	Visual C# .NET	
IT-2070	Introduction to Data Science and Analytics	
<b>Credit Hours</b>		<b>11</b>
Second Semester		
IT-2600	E-Business Programming Technologies	3
IT-2700	Systems Analysis and Design	3
<b>Credit Hours</b>		<b>6</b>
<b>Total Credit Hours</b>		<b>23</b>

MATH-1140, MATH-1141, MATH-1200, MATH-1270, and MATH-1280 can no longer count towards fulfilling the college-level mathematics requirement. These courses were re-classified as developmental mathematics by the state of Ohio in 2016. Tri-C established a 5-year transitioning window for students who had completed these courses prior to 2016 to apply them towards meeting graduation requirements, which expired in Summer 2021. It is highly recommended to see a counselor to determine the appropriate math required for your current major.
