SCHOOL OF ADVANCED MANUFACTURING, ENGINEERING, AND COMPUTER SCIENCE

- Advanced Manufacturing and Engineering (Workforce Training Programs)
- Apprenticeship Programs in the Construction Trades and Manufacturing
- · Associate of Science Degree/University Transfer
- · Automation Maintenance Engineering Technology
- · Automotive Technology
- · Cisco Technical Training Institute (Workforce Training Programs)
- · Computer Science
- · Construction Engineering Technology
- · Electrical/Electronic Engineering Technology
- Electrical/Electronic Engineering Technology (Bio-Medical)
- Electrical/Electronic Engineering Technology (Computer Networking Hardware)
- Electrical/Electronic Engineering Technology (Digital Communications)
- · Industrial Maintenance Technology
- Information Technology (Business Solutions)
- Information Technology (Cybersecurity)
- · Information Technology (Networking Software)
- · Information Technology (Programming and Development)
- Information Technology (Workforce Training Institute)
- Information Technology-Programming and Development with a Concentration in Quality Assurance
- ISO Standards and Certified Training (Professional Development Programs)
- · Lean Six Sigma (Professional Development Programs)
- · Manufacturing Industrial Engineering Technology
- Mechanical Engineering Technology
- · Smart Manufacturing Mechatronics
- · Truck Driving and Logistics (Workforce Training Programs)
